Near st

Getting people back into high street shops

Increase footfall by making your inventory visible to locals searching for it nearby.

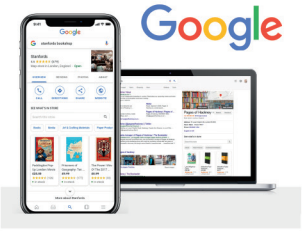

- Show what's in your shop directly in Google
- Automatically get your products online
- Grow local awareness and drive more footfall

Apply on near.st/shops

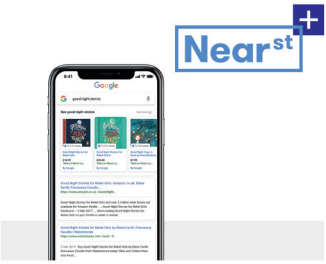

HOW TO GET MORE FOOTFALL

Get your own shop page with all your products on Near.st

Your products appear in Google when people search for your shop

Appear at the top of Google when locals search what you stock

(Add-on service)

WHAT YOU NEED TO DO

You focus on your store, we do the rest

Running a shop takes time; that's why we're taking care of everything so you don't have to. We're with you all the way from initial setup to making sure that your products look great and appear locally. We're proud to have built NearSt together with our shops.

PRICING

One-off setup cost. No monthly fees.

£199

NOW LAUNCHING NATIONWIDE!

EMPORIO UK Ltd + Near st

NearSt + Emporio

The Emporio stock management system works seamlessly with NearSt, and is now launching throughout the UK.

Simply join us on **near.st/shops** and Emporio will connect your inventory. Your products will begin appearing automatically on your NearSt shop page and in Google.
